Revised January 2019

## Evergreens

	Average Height	Average Width	Growth Habit	Foliage	Special Features	Size	Price
<b>Cedars</b>	Plant cedars in a sun or part shade site and provide lots of water. The ideal time to prune cedars is mid to late June.						
Holmstrup	2-3m (6-9')	1m (3')	Upright	Green	Slow growing dwarf cedar with columnar form. Green leaves with a 'layered look.' Resists winter browning.	#5 pot (4-5')	\$69.99
Little Giant	1m (3')	1m (3')	Globe	Green	Slow growing dwarf cedar with a globular form. Beautiful, dense, green foliage.	#2 pot (18") #5 pot (24-30")	\$44.99 \$59.99
Skybound	5m (15')	1.25m (4')	Upright	Dark green	Narrow dense columnar growth habit. Slow growing. Deep green foliage. Good for accent. Slightly smaller than Brandon	125 cm	\$99.99
Woodwardii	2m (6')	2m (6')	Upright	Dark green	Large, fast-growing globe cedar. Popular as a border or edge planter. Keep sheared to control size. Keep moist.	#2 pot #5 pot	\$39.99 \$49.99

<b>Junipers</b>	Plant Junipers in sunny locations. Junipers are drought tolerant once established. Prune from June to September.						
Blue Chip	20cm (8")	2m (6')	Spreading	Blue	Carpet-like ground cover. Intense blue foliage. Grows well in poor soil and hot weather.	#2 pot	\$44.99
Blue Star	60cm (2')	1m (3')	Mounding	Blue	Compact plant with bright blue, star-shaped foliage. Does best with snow cover in winter.	#1 pot #2 pot	\$24.99 \$44.99
Buffalo	30cm(1')	2m (6')	Spreading	Green	Low spreading juniper with dark green feathery branches.	#2 pot (12-18")	\$39.99
Calgary Carpet	30cm (1')	2m (6')	Spreading	Green	Soft green foliage with layered branching habit. Tolerates light shade. Prefers dry soil conditions.	#2 pot (12-18")	\$44.99
Gold Coast	60cm (2')	2m (6')	Spreading	Golden	Gold-tipped, green foliage on spreading branches. Plant in full sun to bring out golden coloration.	#2 pot	\$44.99
Icee Blue	10cm (4")	2m (6')	Spreading	Silver Blue	Low trailing carpet of intense silver-blue foliage, with a full dense crown on a wide spreading form. Use for groundcover.	#2 pot (12-18")	\$44.99
Skandia	30cm (1')	2m (6')	Spreading	Green	Dense shrub with feathery, tiered foliage. Resists winter browning.	#2 pot (12-18")	\$39.99

	Average Height	Average Width	Growth Habit	Foliage	Special Features	Size	Price
<b>Pine</b>	Versatile trees & shrubs. Prefer full sun and average to dry, sandy soil.						
Dwarf Mugo	1.5m (5')	1.5m (5')	Mound	Green	Dwarf, slow-growing mugo with short, dark green needles. New purple-green cones mature to brown. Resists winter burn and tolerates light shade. Prefers acidic, moist soil.	#2 pot #5 pot	\$39.99 \$59.99
Scots	12m (36')	6m (18')	Upright	Green	Long, attractive needles with a flaky, orange bark.	#1 pot	\$19.99
Swiss Mountain Pine	3.2-5m (10-15')	2-3m (6-10')	Pyramidal	Green	Upright form of Mugo Pine. Pyramid shape, tolerant of poor soils and drought.	#10 pot	\$99.99
Valley Cushion	1m (3')	1m (3')	Mound	Green	Very compact, dense pine stays low and flat. Has short, medium green needles. Slow grower that requires little to no pruning. Extremely hardy.	#2 pot	\$69.99

<b>Spruce</b>	Spruce prefers sun to light shade and moist soil.						
Bird's Nest	1m (3')	1m (3')	Mounding	Green	Dense, dwarf evergreen with concave centre.	#2 pot (18")	\$39.99
Colorado	15m (45')	7m (20')	Upright	Blue or Green	Pyramidal evergreen with blue or green needles. Very hardy and drought tolerant once established. <i>*Larger spruce may be available at \$50 per foot. Please ask a sales associate for more information.</i>	#5 pot	\$69.99
Dwarf Alberta*	1.2m (4')	.6m (2')	Upright	Green	Dense, slow growing, conical shrub. Interesting accent.	#2 pot	\$39.99
Little Gem	.5m (18")	1m (3')	Mounding	Green	Slow growing specimen. Flat top, green globular form.	#5 pot	\$69.99
Montgomery	1.2m (4')	1.2m (4')	Upright	Blue	Slow growing. True-blue hardy, compact, dense-rounded spruce which eventually forms a leader becoming more upright.	#5 pot	\$139.99
Norway Weeping	3.5m (10")	1.5-2m (5-6')	Upright	Green	Slow growing weeping form. Long, slender, slightly twisted branches with short, dark green needles. Very hardy.	#10 pot	\$199.99
St. Mary's Broom	1-1.5m (3-4')	1-1.5m (3-4')	Mounding	Silver-Blue	Slow growing, bun-shaped mound of long, intense silver-blue needles. Prefers moist, well-drained soil..	#5 pot	\$139.99
Sharp Leaf	1-1.2m (3-4')	1.5-2m (5-6')	Mounding	Green	Dwarf mounding, soft-green needles. Prefers moist, well-drained soil..	#5 pot	\$69.99

**\*Requires winter protection**

One of the most important aspects of home gardening is proper watering. Water is vital throughout a plant's life, but it matters most during its first days planted. If newly planted trees and shrubs are not watered, they will dry up and die. Until a plant has been in the ground for a few years, its root system is too shallow and it simply does not seek the moisture that the plant needs.

**Water all newly planted plants daily until fall; every other day after that.** A depression at the base of the plant allows for water retention. Lawn sprinklers rarely give enough water to penetrate to the deep roots. **Very heavy clay soils require less watering** and lighter sandy soils will require extra water.

If you wish to create a wind break for your evergreens, use burlap and stake it around the plant in an "L" shape. **Do not wrap your plant.** The late winter sun is very warm and will cook your plant inside the burlap if it is wrapped.

In late fall, water all plants thoroughly before the ground freezes. It is best for plants to go into winter with a block of ice around their roots; this will allow the plant to have moisture around the roots as the ground thaws in the spring.
